25X1A9a 1. [REDACTED] called about the seventh floor. I told him that if the contractor lived up to his commitment I felt confident that we would move the Director by 1 March. I also emphasized to him, however, and also to [REDACTED] 25X1A9a [REDACTED] that they must tell us where people are going to sit and what telephone requirements they are going to want; otherwise, they will be the ones holding up the move. 25X1A6a

25X1A9a 2. George Carey of OO telephoned about the [REDACTED] Project and I suggested that we set up a T/O to which people could be assigned direct there. (I asked Gates to pass this on to [REDACTED] without delay.) 25X1A 25X1A9a

25X1A 3. Mr. McCone, Bob Amory, [REDACTED], and I, along with [REDACTED] and [REDACTED] appeared from 1400 hours to 1700 hours before a combined meeting of the Senate Armed Services Subcommittee and the Senate Appropriations Subcommittee. H Those present were Senators Russell, Hayden, Young, Byrd, Chavez, Stennis, Robertson, and Saltonstall. I thought that the meeting went well and anticipate no difficulty from the Senate with our budget, unless it should be on the \$8.2 million [REDACTED] 25X1A
